

Pharmacy Discount Service

Save time and money with this value-added pharmacy from Elixir.

Medicare regulations prevent Medicare Advantage plans from covering certain prescription drugs—such as lifestyle drugs. Now, with our new pharmacy discount service from Elixir, you can save on some of these prescription items such as cough/cold medications, vitamins, smoking cessation patches, hair loss, dental fluoride toothpaste, erectile dysfunction medications, and more.

The service is easy to use—just present your prescription and member ID card to the pharmacist. The discount is applied automatically. There are no enrollment forms to fill out, claims to send in, or discount cards to carry. Simply use your existing member ID card to enjoy the savings—as much as 65% off retail prices—at the pharmacy counter. If the medication cannot be covered by HealthTeam Advantage, the discounted price will automatically apply. This discount service is available at any of the pharmacies you currently use for your prescriptions.

HealthTeam Advantage, a product of Care N' Care Insurance Company of North Carolina, Inc., is a Medicare Advantage organization with a Medicare contract. Enrollment in HealthTeam Advantage depends on contract renewal.

Examples of Eligible Medications:

DRUG CATEGORY	DRUG CLASS
Cough/Cold	Benzonatate Hydromet® Phenergan DM Syrup
Vitamins	Folic Acid Foltanx®/Metanx® Vitamin D 50,000 u/1.25mg
