

24-hour Nurse Advice Line

Sometimes a quick phone call with a nurse is all it takes for peace of mind.

If you're feeling under the weather or have a question about a non-emergency health issue, the 24-hour Nurse Advice Line can help.

You'll speak with a highly trained, caring team staffed with registered nurses from our care management team.

The nurses can help determine if you should visit your doctor, the ER, or an urgent care center. They can answer non-emergency health questions, and give you more information or support on chronic conditions such as diabetes, high blood pressure, COPD, or heart disease.
