2027 HTA PPO Prior Authorization Code List

healthteam advantage | Local. Reliable. Accessible.

Key **Rule Description**

J-Codes J-codes (provider administered drugs) do not require prior authorization unless provided in a Home setting or as part of a SNF Drug Carve-out.

DME: Prior authorization is required for DMEPOS with a retail purchase cost or cumulative rental over $1000, **unless otherwise noted**.

Notes:

- **Inpatient Procedures:** Only select inpatient procedures require prior authorization to be requested by the service provider. See list for specific CPT/HCPCS codes that require prior authorization.
- **Acute Hospital Inpatient Admission:** Always requires notification by the hospital to the health plan.
- **Inpatient Behavioral Health:** Only requires notice of admission.
- **Home Health Services:** Always requires prior authorization.
- **Inpatient Rehabilitation Facility:** Always require a prior authorization.
- **Long Term Acute Care Hospital:** Always require a prior authorization.
- **Skilled Nursing Facility:** Always requires prior authorization.
- **Skilled Nursing Facility Drug Carve-out:** Must have prior authorization to be considered for a Drug Carve-out (above the per diem rate). An NDC number is required in order for the authorization to be approved and claim to be paid.
- **Cosmetic Procedures:** Cosmetic surgery or procedures are covered in the cases of an accidental injury or for improving the functioning of a malformed body member and require prior authorization.
- **Transplants and related testing:** Always requires prior authorization.
- **Experimental/Clinical Research:** Experimental medical and surgical procedures, equipment and medications may be covered under a Medicare-approved clinical research study or by HealthTeam Advantage. Experimental codes are not covered by the health plan. Services that are associated with the experimental treatment may be covered but do require a prior authorization. **Notification must be made to the HealthTeam Advantage before participating.**
- **Breast Reconstruction:** This **does not require** prior authorization, including all stages of reconstruction for a breast after a mastectomy, as well as for the unaffected breast to produce a symmetrical appearance.
- **Genetic Testing:** May be covered when a recipient shows symptoms of medical conditions that have FDA-approved genetic tests developed for diagnosis. This may not include all genetic tests that fall under this category if the recipient's condition is not considered severe or if the recipient does not intend to pursue treatment indicated by the genetic test's results. And, those that test for response to medications may be covered.
- **Turnaround Times by Request Type:**

  Concurrent: 24 hours. Notification of admission to an acute inpatient setting.

  Standard/Non-Urgent: 7 days.

  Retroactive: Authorization requests can be submitted up to maximum of 7 days after the initial date of service. The health plan will have a response back to the member and provider within 30 days.

  Expedited/Urgent: 72 hours. Expedited requests should be reserved for urgent cases that can affect the members life, limb or ability to regain maximum function. It should not be used for scheduling purposes.

DME **2027 HTA PPO Prior Authorization Code List for Plan I, Plan II, Eagle Plan, and Vitality Plan**

Code	Mod	Procedures & Services	Description	Rule Description
